

# Indigenous Services Canada Funding Opportunity

## CAPACITY BUILDING FOR ESTATE PLANNING AND ADMINISTRATION

Indigenous Services Canada works collaboratively with partners to improve access to high-quality services for Indigenous Peoples. Our vision is to support and empower Indigenous Peoples in Canada to independently deliver services in their communities.

Funding is now available to help build capacity, improve or create new services, and educate the public about estate planning and administration.

This could include, but is not limited to:

- ✓ communicating the benefits of estate planning and the importance of making wills,
- ✓ raising awareness of settlements and how they may impact estates, dependent adults, and their caregivers,
- ✓ providing support for estates impacted by settlements, and
- ✓ increasing the role of First Nations in the management of estates.
